

What can parents expect?

Careers Education, Information, Advice and Guidance (CEAIG) is an essential element of learning at Uffculme School. It underpins our long-term goal to prepare our students for adulthood. As our mission statement states, we aim *'To enable all young people to lead a meaningful and enjoyable life'*.

Parents / Carers will be entitled to:

- Be provided with up-to-date future study options, destinations and labour market information in order to enable them to support and help their child/young person to consider available options when planning their future. This information will be able at events, meetings, EHCP reviews and via the school website
- Access to the school's careers programme and other information on the school website
- Be invited to take part in careers and information events e.g. Uffculme Futures to explore future options
- Give feedback on the usefulness of the careers programme and how this could be improved in order to meet the needs of their child/young person
- Be able to talk with a careers adviser to discuss their child/young person's future plans

If you would like to talk to someone about your child/young person's plans for the future, please do not hesitate to contact the School on 0121 464 9634 and ask for Matthew Scarrott (Careers Lead) or Carol Facey (Careers Advisor).
